DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(c), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(c) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 4/7/2009 has been entered.

Reasons for Allowance

1. Claims 1-25 are allowed.
2. This is examiner's statement of reasons for allowance.
3. Regarding claims 1-25, the prior art, either singularly or in combination, does not teach or suggest a document scanning system comprising:
 - a first camera for capturing an image of a document;
 - a second device for gathering data regarding the first camera's field of view at the time of image capture; and
 - signal processing logic configured to analyze the data relating to the first camera's field of view and to determine whether the first camera's view of the document was obstructed, the signal processing logic further configured to perform a comparison of the data gathered by the second device to data representing a modeled bound document and a region between the surface

of the modeled bound document and the first camera, and configured to determine the quality of the image captured by the first camera based at least in part on the results of the comparison.

The features identified, in combination with other claim limitations, are neither suggested nor discussed by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
